Profile

I am a flexible and adaptable professional with a passion for leadership, teamwork, and collaboration. With strong communication and organizational skills, I excel in dynamic environments and enjoy exploring new technologies. My goal is to use my expertise to drive innovation, support meaningful projects, and contribute to economic growth while building strong team relationships.

Achievements

- **CodeAdvisors:** A great initiative by ISTAD, extends its learning experience to public students by fostering a community of shared knowledge and growth.
Role: Full-Stack Developer
- **DealKh:** An online platform that connect businesses to customers, list all deals and discounts, search nearby, add to cart all in one place.
Role: Full-Stack Developer
- **Sala:** Provided free course materials like content, book and blog which cover on STEM subject.
Role: UX/UI Designer & Analyst
- **Library Management System:** Console-based application for managing a library's book inventory.
Role: Backend Developer

Experience

Customer Service Officer

2021 - 2023

The Fortune Tower

- **Card Issuance:** Issued parking and electricity cards for customers, ensuring accuracy and timely delivery.
- **Reporting:** Prepared monthly and annual reports to support operational decisions.
- **Customer Support:** Handled customer inquiries, complaints, and service-related issues, ensuring customer satisfaction.
- **Team Coordination:** Worked closely with internal departments to address maintenance requests and service improvements.
- **Record Maintenance:** Kept detailed records of customer interactions to enhance service quality and resolve recurring issues.
- **Additional Duties:** Performed other tasks assigned by the supervisor to support overall team operations.
